

Required and Recommended Student Materials for PADI Tec Rec Courses

Effective 1 January, 2006 (Rev 01/14)

Minimum Required Materials: The PADI Dive Center, Resort, and/or Instructor conducting a course must ensure that student divers have, in their possession, a personal set of materials (as defined in the list of required materials for the course), for study and use during the course and for reference afterward; unless the materials are not available in a language understood by the student diver.

Student divers must have a current version of the required materials.
